**\*Wins Tie Breaker**

If teams are tied during the regular season, final standings will be decided in the following manner:

- If two teams tie for a position in the standings whichever team defeated the other during the regular season will then receive the higher position in the standings.
- If all three teams have identical win/loss records against each other, the team who allowed the fewest points scored against them in the games with the other teams tied with them will take the higher position.
